E-health works!

## Welcome to our eHealth Platform website

*"Safe, simple and on all devices available"*

*"A personal touch for your clients"*

## Why the Webfysio eHealth Platform?

- Create your own online custom health & learning courses
- Provide more personal care for groups and individuals
- Support your clients with notifications and an online agenda
- Get additional insight in the progress and via quick feedback from your clients
- Use client video uploads possible for instant video feedback
- Organization transcending and interdisciplinary treatments possible
- Fully self-manage health content, create and distribute for any device
- Content sharing with fellow caregivers
- Directing product and services development by the caregivers themselves
- Simple and accessible anywhere over the internet, tablets and mobile phones.

Added value: Increasing the effectiveness of treatment, more client involvement, better information sharing, enhancing the independence of your clients at home.
